

Faraday Discussion 174

Organics, Photonics & Electronics

8–10 September 2014
University of Strathclyde, UK

RSC | Advancing the
Chemical Sciences

<http://rsc.li/fd174>

Themes

- Organic photovoltaics and energy
- Organic lasers
- Organic bioelectronics
- Sensors and molecular electronics

Key Deadlines

Oral abstract submission – 18 November 2013

Poster abstract submission – 16 June 2014

Early bird registration – 7 July 2014

Standard registration – 11 August 2014

Speakers include:

Christoph Brabec, *University of Erlangen*

Rene Janssen, *TU Eindhoven*

Uli Lemmer, *Karlsruhe Institute of Technology*

Karl Leo, *TU Dresden*

Magnus Berggren, *Linköping University*

Luisa Torsi, *University of Bari*

Latha Venkataraman, *Columbia University*

Gemma Solomon, *University of Copenhagen*

Organised by the Faraday Division in association with the Materials Chemistry Division
